Material Safety Data Sheet

1. Basic Information

Product Shipping Name ~ SUPERKLEEN LDM-100

Manufactures name & address: Superb Kleaning Product

37 Lakeshore Homes, Kasavanahalli, B'lore 35

Emergency Contact Person & No: Mr. Sunil.Panjwani :

9945006505, 08048666344

E-mail: sunil9superkleen@gmail.com

1. COMPOSTION/ INFORMATION ON INGREDIENTS

Chemical Name: Floor & machine warewashing detergent

5-10% of Sodium Hydroxide, Aqua, Sequestrants/builders (1-5 %)

2. FIRST AID MEASURES

Eye Contact : Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 15 minutes. Must be treated promptly by a physician.

Get medical attention immediately. Call a physician.

Skin Contact : Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Continue to rinse for at least 15 minutes. Chemical burns must be treated promptly by a physician. Wash contaminated clothing before reusing. Clean shoes thoroughly before reuse. Get medical attention immediately.

Ingestion : Wash out mouth with water. Remove dentures if any. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Stop if the exposed person feels sick as vomiting may be dangerous. Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Chemical burns must be treated promptly by a physician. Never give anything by mouth to an unconscious person. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband. Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention immediately. Call a physician.

3. FIRE FIGHTING MEASURES

Suitable Extinguishing Media: Carbon dioxide, water or appropriate foam. Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

4. HANDLING AND STORAGE

Handling-Wash thoroughly after handling. Avoid contact with skin & eyes.

Storage-Store between the following temperatures: 0 to 40°C (32 to 104°F). Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Separate from acids. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers. Use appropriate containment to avoid environmental contamination. Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively absorb with an inert dry material and place in an appropriate waste disposal container.

5. PHYSICAL AND CHEMICAL PROPERTIES

| | |
|--------------------|---------------|
| Physical State: | Liquid |
| Color: | colorless |
| Net weight content | 5Ltr |
| pH | 8.0 – 10.00 |
| Viscosity | 1000 cps |
| Flash Point: | Not Available |
| Vapour Pressure: | Not Available |
| Relative Density | Not Available |
| Water Solubility: | Soluble |
| Fat Solubility: | Not Available |

6. STABILITY AND REACTIVITY

Stability: Stable under normal temperature and pressures.

Conditions to avoid: Temperature (Degree Celsius) 500

Materials to avoid: Strong oxidizing agents & acids.

7. TOXICOLOGICAL INFORMATION

Health Effects

On skin & eyes: May cause eye damage. Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.

8. ECOLOGICAL INFORMATION

Environmental Assessment: Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

Mobility: Non-volatile.

9. OTHER INFORMATION

The information given is based on current knowledge. Products are described in terms of their safety data. The data does not signify any warranty with regard to the product properties. The product should only be used for stated application or applications. Use of the products for applications other than as stated in the sheet may give different results.
